

Ongoing legal support for companies and organisations through structured professional engagements and empanelment arrangements.

CONTRACTS & DOCUMENTATION

Legal drafting, review and assistance relating to agreements, contracts, notices, correspondence and other corporate documentation.

LEGAL ADVISORY & DISPUTES

Legal research, advisory support and assistance in relation to disputes, regulatory issues and litigation, as applicable to the engagement.

6. I WOULD ALSO ADD A SECOND THREE-CARD SECTION

Further down the homepage:

OUR CORE PRACTICE

LITIGATION & ADVOCACY

Representation and assistance in litigation and proceedings before courts and appropriate judicial or statutory forums.

LEGAL ADVISORY

Considered legal advice based on the facts, applicable law and circumstances of each matter.

CORPORATE & COMMERCIAL

Legal support for companies, businesses and organisations, including documentation, contracts, corporate matters and dispute-related assistance.

7. A VERY PREMIUM SECTION FOR CORPORATE CLIENTS

I would create a visually different dark section:

CORPORATE COUNSEL

Legal Support Beyond Individual Matters

For businesses, legal requirements are often continuous rather than occasional. Avadhoota Law Associates works with corporate and institutional clients through ongoing professional engagements, providing legal assistance as and when required across their business and legal requirements.

Then three small points:

LEGAL ADVISORY

Practical legal guidance on matters entrusted to the practice.

DOCUMENTATION

Drafting and review of contracts, notices and legal documents.

DISPUTE SUPPORT

Assistance in litigation, dispute resolution and related proceedings.

And underneath:

6+ CORPORATE RELATIONSHIPS

Ongoing professional engagements with companies and organisations.

9. THE BRAND LANGUAGE THROUGHOUT THE WEBSITE

I would consistently use these four concepts:

JUSTICE

The purpose of legal advocacy.

DHARMA

The ethical and principled foundation of the practice.

PRECISION

Careful legal research, drafting and preparation.

RESPONSIBILITY

The professional responsibility attached to every matter entrusted to the practice.

This gives you a coherent brand rather than a website that simply lists legal services.
